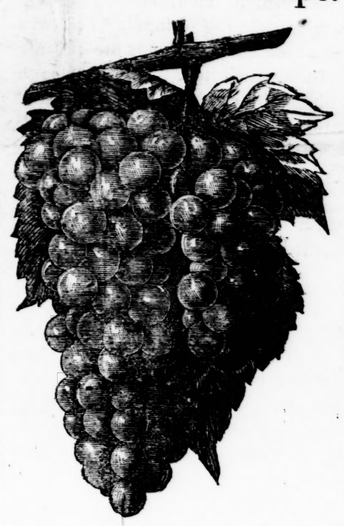
The "Walter" Grape.



DESCRIPTION.—The "Walter" is a cross between the Delaware and Diana, particularly combining the good qualities of both, and better than either.

The earliest good variety known; ripens with the Hartford Prolific.

A great grower and bearer; foliage and wood as hardy as the wild or native grape.

Its fruit never rots, but after a time uniformly ripens, in the house or on the vine.

This fact shows that it contains more sugar than any other variety, consequently will make better wine.

It has borne seven years, and never failed in producing its usual crop, while the wet seasons here have destroyed most of the other varieties.

The following are some of the Premiums which the "Walter" has received:

1865. American Institute—First notice and Premium as a new seedling.

1868. Newburgh May Horticultural Exhibition—First Premium.

1868. State Fair, Rochester—Noticed as a Seedling of promise, and likely to make a superior wine.

In 1865, at 5 years old, was removed from Modena, Ulster County, to Poughkeepsie, and bore 8 fine clusters fully ripe 20th August.

1866. American Institute—Highest Premium as a Seedling not yet disseminated.

1866. State Fair at Saratoga Springs—Noticed as a Seedling of high character and much promise.

1868. First Premium, quality ruling, at the great Exhibition of the Lake Shore Grape Grower's Association at Cleveland.

1868. Boston—Gratuity $5.00, and was thought the most promising grape on exhibition.

1868. New York State Grape Growers' Association, Canandaigua, N. Y.—First Premium of all the hybrids.

1868. Lake Shore Grape Growers' Association, Painesville, Ohio—First Premium of the new varieties. Also first Premium for the best loaded branch.

SACCHARINE TESTS FOR WINE.—At the National Saccharine Test for wine, at Hammondsport, N. Y., Oct. 28th, 1868, the Catawba stood in saccharine matter 94—Walter 89—Iona 106—Delaware 103. This test was made with 17 ounces of the Walter, somewhat frozen, to 24 ounces of each of the other varieties.

Next morning the Superintendent, Clerk, and one of the Directors of the Pleasant Valley Wine Co. the parties who conducted the test the day before, to satisfy themselves of the merits of the "Walter" by an equal trial, tested 17 ounces of clusters of fruit from the same lot that were used the day before, and the saccharometer stood at 91—the "Walter" beating it 8.

Had 17 ounces of the Delaware and Catawba been pressed equally hard with the "Walter," their skins and centres being acid, the Delaware would have stood lower and the Catawba proportionately below the Delaware. All the other varieties ranged much lower than those enumerated above.

There had been constant rains and damp weather in the section where the "Walter" grew—its competitors growing at Hammondsport and along the lakes, where there had been but little rain during the season—dry soil and weather being necessary for the perfect sweetening of grapes.

SPECIAL NOTICE.—We offer our No. 3 Walter Vines for one dollar each, in quantities not less than 400. 430 will plant an acre if set 10 feet apart each way. These No. 3 plants are as large as many No. 1 vines that are offered to the public. DOTY'S WASHING MACHINE,

LATELY MUCH IMPROVED—AND THE NEW

Universal Clothes Wringer

Improved with ROWELL'S PATENT DOUBLE COG WHEELS, and the PATENT STOP, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott Bishop M. E. Church.*

"It is worth one dollar a week in any family."—*N. Y. Tribune*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L. Cuyler.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer.*

"I heartily commend it to economists of time, money, and contentment."—*Rev. Dr. Bellows.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our Machine,' after a year's use, is thought more of to day than ever, and would not be parted with under any circumstances."—*Solon Robinson.*

"Your Washing Machine has been in daily use in our laundry, and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it, one laundress is dispensed with"—*Wm. M F. Round, Superintendent of Infant Department of St. Catharine's Nursery, N. Y. City.*

PRICES.—A Fair Offer.

Send the retail price, Washer $14, Extra Wringer $9, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines free of freight, after a month's trial, according to directions.

No husband, father or brother should *permit* the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

Sold by dealers generally, to whom liberal discounts are made.

"A FULL HAND'S GOOD."—The good old times are not gone forever. Here is an incident: On the recent trip of a Mississippi steamboat the the clerk had allotted the last state-room and was about to close his office, when he was astounded by the apparition of a tall Missourian, who exclaimed:

"I say, stranger, I want one of them chambers."

"Sorry, sir," said the official blandly, "but our state-rooms are all taken."

"The devil they are," responded Missouri, "I've paid my fare 'n I want one of them chambers,"

"Allow me to see your ticket," said the still polite clerk.

Putting his hand to the back of his neck, the passenger pulled out a ten-inch bowie-knife, and driving it quivering into the counter, said, "I'm from Pike county, young feller, and thar's my ticket. I want one of them chambers. Before the steel had ceased to vibrate the prompt clerk quietly thrust a loaded and capped six-shooter under Pike's nose, and coolly answered: "I've only got 'six chambers,' and you see *they are all full.*" The Missourian edged out of "range" and putting up his "tooth pick," ejaculated: "A full hand's good, by golly."

A STRANGLED JOKE.

A young man seated at dinner, the other day, said to his wife:

"Ellen, if you are good at guessing, here is a conundrum for you: If the devil should lose his tail, where would he go to get another one?"

After some time spent in guessing, she gave it up.

"Well," said he, "where they retail bad spirits."

Eager to get it off, she hastened to a lady friend, with:

"Oh, Marion, I have such a nice conundrum! Joe just told me it. I know you can't guess it. If the devil should lose his tail, where would he go to get another one?"

Her friend Marion having given it up, she said:

"Where they sell liquor by the glass!"

Marion couldn't see the point of the joke.

Old John Berry that used to live up Lake Champlain liked to tell a big story. One evening, sitting in the village store, he said he once drove a horse seventy-two miles in one day on the ice, when the ice was so thin that the water actually spirted up through the holes cut through it by the horse's corks. One of the bystanders remarked that seventy-two miles was a pretty good drive for one day. "Yes," said Uncle John, "but it was a long day in June."

A richly-dressed lady stopped a boy trudging along with a basket, and asked:

"My little boy, have you got religion?"

"No, ma'am," said the innocent, "I've got potatoes?"

A "girl of the period" comments thus on Mormonism: "How absurd—four or five wives for one man; when the fact is, each woman in these times ought to have four or five husbands.—It would take about that number to support her decently."

An exchange praises an egg, "laid on our table by the Rev. Dr. Smith," which shows that Brother Smith is a layman as well as a minister.

Next Christmas eve is set for the marriage of some 500 first cousins in New Hampshire. After that date the intermarriage of first cousins is prohibited there.

"Massa," said a negro steward of a Marblehead captain, as they fell in with a homeward-bound vessel, "I wish you'd write a few lines for me to send to the old woman, 'cos I can't write."

"Certainly," said the good natured skipper, taking his writing materials. "Now what shall I say?"

Pompey told the story which he wished his wife to know, which his amanuensis faithfully recorded.

"Is that all, Pomp?" asked the captain, preparing to seal the letter.

"Yes, Massa," replied he, showing his ivory; "tank you; but 'fore you close him up, just say, 'Please 'scuse bad writin' and spellin',' will ye?"

The captain appended the post-script, as desired.

WEDNESDAY OCT. 27, 1869

THE REPUBLICAN CONVENTION of New York, recently in session at Syracuse, adopted the following platform: That the public debt, with principal and interest, should be paid in coin at maturity; that taxation ought to be simple and equal; that the Government is bound to protect all of its citizens wherever they may go; that every American citizen ought to vote without regard to nation, race, or religion; that the Fifteenth Amendment ought to be, adopted; that they sympathize with the down-trodden of all countries; that whenever the facts in possession of the Government will justify the recognition of Cuban belligerency, the convention was for it, and pledged its support to any measure in favor of the annexation of Cuba, whenever she shall have achieved her independence, and shall desire such action; endorses the administration of President Grant.

Andy Johnson.

The defeat of ex-President JOHNSON for the United States Senate in the Legislature of Tennessee occasions no tears in this part of the world. He has done some abominable things and committed many egregious blunders. The good he proposed to do was sustained with such an indecisive and faltering hand that it never was accomplished. He began his administration with tyranny and persecution, he changed his base of operations for the gratification of personal ambition, and in trying to make friends of us by diminishing our afflictions he only involved us in greater oppression. His motives were so apparent that they excited the jealousy and hostility of the Republican Congress, and thus led to a war between the executive and legislative departments of the Government—a war fought over our bodies, and in which we were the especial sufferers.

The fate of Mr. JOHNSON is well merited. We should be far better off had he never lived, and we trust we have seen the last of him.—*Rich. Dispatch.*

A PROCLAMATION,
By His Excellency, the Governor of North Carolina.
Executive Department of N. Carolina.
RALEIGH, Oct. 20th, 1869.

Notwithstanding the existence of peace and good order in other portions of the State, I regard it as my duty to announce that in four Counties, to-wit: Lenoir, Jones, Orange, and Chatham, there is, and has been for some months past, a feeling of insubordination and insurrection, insomuch that many good citizens are put in terror for their lives and property, and it is difficult if not impossible, to secure a full and fair enforcement of the law. Information has reached, and continues to reach the Executive, that in the above Counties a state of feeling exists which is totally incompatible with the free exercise, by the friends of the Government, of that independent expression of opinion, and that freedom of action, which is the birth right of every American. In Lenoir and Jones various thefts and murders have been committed; jails have been forcibly opened and the prisoners taken thence have been murdered; an officer of the law has been waylaid and slain upon the public highway, and another officer of the law has been slain in the open day while engaged in his ordinary avocations. Private dwellings have been entered and the occupants terrified, and some of them whipped or murdered; others have been shot or hanged or cruelly beaten; and the result is that thus far the civil law, though firmly asserted and maintained has not been adequate to bring the insubordinate and the wicked to condign punishment. In Chatham the jail has been forcibly opened and a prisoner, confined under sentence of a Court of the United States, has been liberated and is now at large. In Orange the jail has been forcibly opened and two prisoners (colored men) taken out and shot, one of whom has died of his wounds. Three other colored men have been hanged until they were dead, one has been cruelly mutilated, and others have been whipped. White citizens have been injured, insulted and terrified. The University of the State, sacred to the cause of learning, has been repeatedly invaded by bands of armed men in disguise on horseback, and acts of violence have been there perpetrated on unoffending citizens and officers of the law. Many of the colored people in these Counties, and no inconsiderable portion of the white people, though obedient to the law and good citizens, are living under constant apprehensions that they may fall victims at any moment to the malice of their enemies.

It is made my duty under the Constitution "to call out the militia to execute the law, suppress riots or insurrection and to repel invasion." I deeply regret that it seems necessary to resort to the military power to enforce the law and to protect the citizens.—But the law must be maintained. I have waited in vain, hoping that a returning sense of reason and justice would arrest these violations of the law. But these evils, instead of diminishing have increased, and no course is left to me but to issue this proclamation of admonition and warning to all the people of the Counties mentioned, whether engaged in these flagrant violations of law, or whether indifferent or insensible to what is occurring in their midst. I now call upon every citizen in the Counties aforesaid to aid the civil power in a fearless enforcement of the laws. No set of men can take the law into their own hands. Every citizen, however humble, or whatever his color, has a right to be at peace in his own house, and cannot be taken thence except by due process, and cannot be punished save by the law. If there be those who counsel resistance to established authority, such persons are traitors, and should be punished accordingly; if there be those who, disguised or masked, enter the dwellings of others by force and commit acts of violence, such persons are guilty of felony, and should be punished by hard labor in the penitentiary; if there be those who, without precept or order, hang, or shoot, or otherwise deprive any one of life, such persons are murderers, and should be punished accordingly.

I now give notice in the most solemn manner, that these violations of law and these outrages in the aforesaid Counties, *must cease*; otherwise, I will proclaim those Counties in a state of insurrection, and will exert the whole power of the State to enforce the law, to protect those who are assailed or injured, and to bring criminals to justice. In a matter like this there should be no party feeling. It is my fixed purpose to protect every citizen without regard to his antecedents, his color or his political opinions; but to do this the law must be sacred, must be spread over all alike, and must be inflexibly maintained.

Done at our City of Raleigh, this the 20th day of October, in the year of our Lord, one thousand eight hundred and sixty-nine and in the ninety-fourth year of our Independence.

W. W. HOLDEN, *Governor.*

By the Governor:
W. R. RICHARDSON,
Private Secretary.

CHAPTER CCLXVII.

AN ACT MAKING THE ACT OF GOING MASKED, DISGUISED OR PAINTED A FELONY.

SECTION 1. *The General Assembly of North Carolina do enact*, Any person who shall disguise himself by painting his face, or by wearing any mask or any other device for the concealment of the face or person with intent to terrify or frighten any citizen or the community, or part thereof, shall be guilty of a misdemeanor, and be punished by fine or imprisonment in the County jail, at the discretion of the Court.

SEC. 2. Any person or persons, either singly or in association with each other, who, being disguised or masked, or otherwise concealed in the manner described in the preceding section, shall commit any trespass or act by force or violence, which is now a misdemeanor by any statute of this State, or at common law, shall be deemed guilty of felony, and shall be imprisoned at hard labor in the Penitentiary for a term of not less than one year, or more than ten years.

SEC. 3. This act shall go into effect on its ratification, and the Governor shall cause the same to be published immediately.

Ratified the 12th day of April, A. D.

THE REPUBLICANS of New York city held a crowded meeting at Cooper Institute on Wednesday evening last to ratify their State ticket.—Among the speakers were Judge Pierrepoint, General Hawley, of Connecticut; Hon. Thomas Fitch, of Nevada; General Swift, &c.

Judge Pierrepoint prophesied that soon an attempt would be made in Washington to seduce General Sherman by holding out the Presidency to him. He said, secondly, that he congratulated the country on the endorsement of General Grant's administration which had just taken place in four States, and that the people would demand of him a service of eight years. Lastly, he predicted that the Republicans, in a fair vote, would carry New York.

THE WOODEN TOOTHPICKS, now in extensive use, having superseded more costly articles, are all manufactured at one establishment near Boston, employing thirty operatives of both sexes. The machinery has been patented, and is driven by water-power. The woods used are maple and willow. The aggregate daily sales at the agency of the mill in New York amount to forty or fifty cases, each containing one hundred thousand toothpicks, or four or five million toothpicks.

IT IS positively stated that seven or eight Anglican clergymen propose to attend the Œcumenical Council for the purpose of obtaining a definite opinion in reference to the validity of their orders, and further to attempt to form a union between the Roman Catholic Church and a portion of the Anglican community.—They have requested an English Roman Catholic bishop to be their spokesman.

The National Capital Convention in St. Louis adopted resolutions unanimously favoring the removal of the capital to some town in the Mississippi valley.

Within the present year twenty-five hundred people, mostly from foreign countries, have passed through Pittsburg, on their way to join the Mormons at Salt Lake.

COSTUME FOR GENTLEMEN.—The following is said to be the latest style of dress worn by gentlemen in England at fashionable weddings and parties: The coat consists of a dark blue cloth, of medium length, with considerable roll of lapel, lined with dark blue silk. Buttons are of brass, and unornamented. The vest is of white satin, cut low, single breasted, with an inner lining of light blue silk, protruding a little over the opening of the same. The pants are of a light lavender shade, with faint stripe on side and cut loose. The boots are of patent leather, with high heels and toes rounded; shirts are embroidered with numerous designs; underneath is worn a pink silk shirt, which shows through, causing a pretty effect, and admits a better view of the workmanship. Collars are turned down, with rounded points, and ties are of white satin, made in various styles and rather longer than usual.

Twenty two millions, six hundred and forty thousand, two hundred and ninety-eight pounds of upland cotton, valued at $5,962,812, were exported from Charleston during the year ending Septhmber 30, 1869.

The total amount of sugar now consumed by all nations may be estimated at 2,500,000 tons. America consumes about 530,000 tons.

SUDDEN BLANCHING OF THE HAIR. M. Pouchett relates the following anecdote in the *Avenir National*:—On the 19th of February, Colonel Franks was engaged near the village of Chamba with a body of rebels, and many prisoners were taken; one of them, a Bengales, aged about forty-four, was conducted before the authorities to undergo interrogations. "I had then," said Surgeon Major Famy, "an opportunity of observing personally the following facts: The prisoner for the first time appeared to realize the danger of his situation when he found himself stripped and surrounded by soldiers. He trembled violently, terror and despair being depicted on his countenance; and when replying to the questions addressed to him, he appeared absolutely stupefied by fear. Then, under our eyes, and in the space of some half an hour, his hair, which we had seen to be of a brilliant black, became grey on every part of his head. The sergeant who had charge of the prisoner cried out, 'He is turning grey,' and called our attention to the singular phenomenon; of which I thus, with many other persons, was enabled to observe the completion through all its phases."

☞ Twenty-one States have voted for the XVth Ammendment, viz:

Arkansas,	New York,
Connecticut,	New Hampshire,
Florida,	Nevada,
Indiana,	Nebraska,
Illinois,	North Carolina,
Kansas,	Pennsylvania,
Louisiana,	South Carolina,
Missouri	West Virginia,
Massachusetts,	Wisconsin,
Maine,	Virginia.
Michigan.	

Iowa, Minnesota, Rhode Island, Vermont and Ohio will follow, and Mississippi and Texas must ratify before they are re-admitted. This makes the number required to ratify the amendment—twenty-eight.

A surveying party of twelve is reported to have been murdered by Indians about fifty miles south of Fort Macperson.

Says the *Sentinel*: At the concert, Saturday night, the following was the vote for the Organ: for the Episcopal Church 4, Presbyterian 26, Baptist 25, Methodist 134, Roman Catholic 223, the latter getting the organ. Owing to the rain, the attendance was smaller than it otherwise would have been.

The receipts of the Postoffice Department for the year ending June 30, 1869, were over $1,009,000 in excess of the receipts for the preceding year.

BISHOP ATKINSON.—We learn that this eminent prelate has been detained in Baltimore by slight indisposition. He is expected home about the last of the present week.—*Wil. Journal.*

MORE TROUBLES IN THE EPISCOPAL CHURCH.—There are rumors of a direful war in the Episcopal Church, to burst forth upon the meeting of the annual Convention of the Diocese of New York this fall. A demand for an examination into the strange worship carried on at St. Alban's is to be made the occasion for a renewal of the war upon ritualism by a sturdy party of conservative Low Churchmen. Dr. Ewer's Christ church services, which are in keeping with his belief in the "failure of Protestantism," are also to have an overhauling. If the Low Church party prove strong enough, Father Morrell, of St. Alban's, and Dr. Ewer, are to be treated to the same kind of trial by an ecclesiastical court as young Tyng was subjected to; and such is the confidence of the anti-Ritualists that they talk even of calling Bishop Potter to account for giving sanction by his presence on one occasion a year ago to the Catholic services of St. Alban's. This, however, is doubtless mere bluster, which the Tyng party feel it safe to indulge in, as it is well known the Bishop will not be present on account of severe illness.—*Newark Advertiser.*

A father, who has passed innumerable sleepless nights, has immortalized himself by discovering a method of keeping babies quiet. The *modus operandi* is as follows: As soon as "pet" awakes, set it up, propped by a pillow if it cannot sit alone, and smear its fingers with molasses; then put half a dozen feathers into its hands, and it will sit and pick the feathers from one hand to the other until it drops asleep. As soon as it wakes again, repeat the operation; and in place of the fret and cry of former nights, there will be silence and quiet repose.

A notice of a recent steamboat explosion, in a Western paper, ends as follows: "The captain swam ashore. So did the chrmbermaid; she was insured for $15,000 and loaded with iron."

SPECIAL NOTICE.

Let Us Protect Ourselves.

The physicial structure of the strongest human being is vulnerable everywhere. Our bodies are endowed by nature with a certain negative power, which protects them, to some extent, from unwholesome influences; but this protection is imperfect, and cannot be safely relied on in unhealthy regions or under circumstances of more than ordinary danger. Therefore, it is wis lom; it is prudence; it is common sense to provide against such contingencies, by taking an ANTIDOTE IN ADVANCE; in other words, by fortifying the system with HOSTETTEER'S STOMACH BITTERS—the most complete protective against all the epidemic and endemic maladies that has ever been administered in any country.—As a remedy for Dyspepsia, there is no medicine that will compare with it. Whoever suffers the pangs of indigestion, anywhere on the face of the earth where HOSTETTER'S STOMACH BITTERS can be procured, does so voluntarily; for, as surely as truth exists, this invaluable TONIC and ALTERATIVE would restore his disordered stomach to a healthy condition. To the nervous it is also especially recommended, and in cases of confirmed constipation it also affords speedy and permanent.

In all cases of fever and ague the BITTERS is more potent than any amount of quinine, while the most dangerous cases of bilious fever yield to its wonderful properties. Those who have tried the medicine will never use another, for any of the ailments which the HOSTETTER BITTERS professes to subdue. To those who have not made the experiment we cordially recommend an early application to the BITTERS whenever they are stricken by disease of the digestive organs.

CHOLERA.

HOW TO CURE IT.

At the commencement of the diarrhœa, which always precedes an attack of the cholera, take a teaspoonful of the Pain Killer in sugar and water, (warm, if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. Should the diarrhœa or cramps continue, repeat the dose every ten or fifteen minutes till the patient is relieved. In extreme cases, two or more teaspoonfuls may be given at a dose.

The Pain Killer, as an internal remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia, Dysentery, Asthma, it cures in one night, by taking it internally, and bathing with it freely. Its action is like magic, when externally applied to bad Sores, Burns, Scalds, and Sprains. For Sick Headache and Toothache, don't fail to try it. In short, it is a *Pain Killer.*

The Pain Killer is sold by all dealers in **Family Medicines.**

WE WOULD CALL THE ATTENTION of the public to an article which interests every house-keeper. The justly celebrated
LABOR-SAVING SOAP,
an article invented and patented by MRS. DR. HUNTER, of Virginia, and for sale by H. S HAZELL, of Goldsboro', who is authorized to refund the money to all who are dissatisfied after testing it according to instructions. In the use of this Soap your linen clothes require no rubbing; either by hand or machine; your colored clothes, and all such as you do not boil, require a slight rubbing by hand
Directions for using it will be given to all who purchase It saves about one-half the labor in washing, a very large percentage in wear and tear of your clothing; removes almost all kinds of stains, such as ink, paint or fruit stains. Warranted not to injure the finest texture, even a lace handkerchief. And last, but not least, it is more economical in expenditure. Try one bar, and if you do not like it buy no more.

☞ A meeting of the Stockholders of the North Carolina Rail Road, is advertised to take place in the City of Raleigh, on the 11th of November next.

Chamberlain's American Commercial Law, is a book that men engaged in almost every branch of business will find extremely valuable, both for reference and study. It contains, in condensed form, clear statements of legal principles that all such men should know, and good forms of instruments that are useful guides in the transaction of business. Young men who are going into business have especial need of such a book. See advertisement in another column.

THE LITTLE CORPORAL, for November, comes freighted with good things for the Boys and Girls. As an inducement for new subscribers, that Magazine is offered from the 1st of November to January, 1871, for one year's subscription, which is only *one* dollar. The cheapest, as it is the best juvenile magazine published. Alfred L. Sewell & Co., Chicago, Illinois.

RUDE AT CHURCH.—No well bred person will misbehave in the house of God. Only vulgar, unrefined and immoral persons trifle with their Maker in his house, or with the feelings of those who worship the Most High in his earthly courts. We have never known any boy or man to acquire the habit of behaving rudely in the house of God, to come to anything. Sin always receives its reward—punishment. But this sin is sure to meet a stern rebuke, in the coming to nothing of those who indulge in it.

Messrs. Lewis and Johnston, the Walker candidates were elected to the United States Senate from Virginia.

N. C. RAILROAD.

We clip the following item of interest from the *Standard* of the 18th:

"By action of the Board of Directors the North Carolina Railroad has been leased to the Raleigh and Gaston Railroad Company for a term of twenty years. The Raleigh & Gaston Road is to pay as an annual compensation, six per cent on the capital stock of the North Carolina Railroad Company. This will make annual payment of $240,000, which is a very much larger sum than the road has ever been able to earn. The Raleigh & Gaston Road binds itself to keep in first class order the road and rolling stock of the North Carolina Railroad. The effect of this transaction has been to already double the price of the stock of the North Carolina Company, which is now valued at over fifty dollars per share. This action of the Directors will, of course, be submitted to a meeting of the Stockholders."

Should the Stockholders confirm the action of the Directors, which is very probable, we presume that Mr. Wm. A. Smith, President of the Road, will retain his present position.

THE STONY figure of a man, of huge proportions, has lately been found near Syracuse, N. Y., whilst digging a well. It was, at first, supposed to be a petrified human body, and great wonder and interest were excited.—But Dr. J. F. Boynton, the well-known geologist, has visited the spot, and inclines to the opinion that the gigantic figure is a statue. This theory, however, leaves the matter in almost as great a mystery as the other.

A disastrous fire occurred in Plymouth on last Wednesday morning. Some fifteen dwellings and business houses were burned. Loss, $100,000.

His Excellency, Governor Holden, has set apart Thursday the 18th of November next, as a day of Thanksgiving.

The mountain tops visible from Lynchburg were white with snow Wednesday morning—the first of the season.

We call attention to advertisement of *The Churchman* in another column. It is a finely printed, ably conducted paper, and is one of the very best religious newspapers of the country.

THE AMERICAN YEAR BOOK AND NATIONAL REGISTER FOR 1869, published by O. D. Case & Co., of Hartford, is undoubtedly the most complete and valuable book of astronomical, historical, political, financial, commercial, agricultural, educational, and religious reference ever published. It is a universal almanac, filled with information never before presented in so compact a form. The Hon. Horace Greeley says that it "contains much that every man would like to know, and more than one man ever did know. The labor bestowed must have been immense, and it gives a better collective view of the progress and material resources of our people than any other compilation." Among other valuable statistics, it includes tables of the principal officers of the Government, from the first Continental Congress to the present time, list of Governors in every State from its admission into the Union down to 1869, accurate Congress and Committee lists, a complete table of Ministers resident and of Consuls, a full compilation of Assessors and Collectors, Army and Navy lists, the names of all the colleges in the United States, with their character, location, and date of organization, abstract of public laws, statistical sketches of all the States and Territories, nearly one hundred pages of Presidential election figures, giving the vote of every county in the United States from 1836 to 1868, and obituary notices of the distinguished dead of 1868. The compilation of the volume reflects great credit on its editor, Mr. David N. Camp. The work will be sold by subscription, and its proprietors offer the most liberal terms to agents.

Some people don't believe in advertising, because they say "nobody reads the papers." But let them get into a scrape and you will find them flying around to the newspaper offices with the request, "please don't mention that little affair; it's a mistake; I don't want my name published all over the country."

IT has been discovered by careful experiments in Charleston that the weight of a bale of cotton varies slightly with the temperature. A fall of ten degrees in the thermometer causes a bale of cotton to gain about a pound and a half in weight.

APPLETON'S ILLUSTRATED ALMANAC FOR 1870 is now ready, appearing in a brilliant but artistically-printed cover, and most profusely illustrated with numerous engravings, from original designs by Darley and other American artists. It is edited by Miss Susan Fenimore Cooper, who, as a writer on rural subjects, has no superior.—With its calendars, astronomical and other tables, and its exquisite illustrations, APPLETONS ALMANAC is not only a useful but a truly elegant publication. Thirty cents sent to D. Appleton & Co., New York, will obtain a copy by mail, post-paid.

THE LADY'S FRIEND FOR NOVEMBER.—The November number of this popular monthly has a life-like steel plate of "THE SISTERS," such sisters as may be found in many a sweet American home. The Colored Fashion Plate is gay, graceful and stylish. A romantic picture, illustrating Herrick's "Night Piece to Julia," and a group of "Dresses for Young Ladies," in which that important portion of humanity will find some loves of toilettes, introduce a series of uncommonly taking illustrations. The music is "The Little Injun Galop." "The Prize of Two Men's Lives," by Miss Douglas, grows still more interesting; and Mrs. Wood's "Roland Yorke" is worked up to intensity as the plot draws toward its close. Florence Percy has a beautiful poem, Harrie Boyer an amusing sketch, and Miss Prescott an Acting Charade; and a choice variety of stories and poetry besides, make up a feast of reading. The Work-Table is well attended to, with patterns for embroidery, tatting and netting. The publishers offer great inducements to new subscribers, and we recommend our readers to inclose ten cents for a sample copy, to Deacon & Peterson 319 Walnut Street, Philadelphia. Price $2.50 a year (which also includes a large steel engraving). Four copies, $6. Five copies (and one gratis), $8. "The Lady's Friend" and "The Saturday Evening Post" (and *one* engraving), $4.00 Specimen numbers sent for ten cents.

MR. SNOOKS says the reason he does not marry is that his house is not large enough to contain the consequences.

"Blessed be the man who invented sleep," exclaims Sancho Panza. Accursed be the man, cry we, who invented squeaky boots. They murder sleep. They distract thought. They shake the nerves. They acidulate the temper. They are a nuisance—a horror—a bugbear. One pair of squeaky boots will destroy the mental equilibrium of a house full of well-intentioned people, and we believe that all piety and reverence and devotional contemplation will be banished from the hearts of the largest church congregation by the sudden attempt of a man thus shod to make his way among them. Will no legislator cause a law to be enacted against the wearing of squeaky boots?

The *Eclectic Magazine* for November is thus early at hand, and among its rich stores of literature we recognize as leading articles "Dr. Hanna's Life of Christ," "Roman Imperialism," "The Works of Jerusalem," "The Reformer of Messena," and "British Pearls." A splendid engraving of M. Eugene Rouher adorns this number.

The Republican majority in Iowa is now fixed at 35,000. The Legislature will stand—Senate, 42 Republicans, 8 Democrats. House, 85 Republicans, 16 Democrats

Reported Battle in Cuba---Defeat of the Spaniards.

Washington, October 23.—The Cubans here are jubilant over advices of a battle near Bayamo, wherein Quesada and Jordan, after six hours' fighting, forced Valmaseda's forces to retire, leaving their killed and wounded on the field.

☞ A special from Goldsboro' to the Wilmington *Journal*, pretending to give an account of the riot on Saturday night, does gross injustice to the authorities of the town. But one colored man was pointed out to the Mayor as being implicated, and his arrest was ordered, and the man, who was wounded, placed in the guard house, within an hour after the firing. This was known to every man, woman and child in Goldsboro' early Sunday morning. The prisoner was held until Monday afternoon, when by advice of the surgeon who is attending him, and who considers his wound serious, he was removed to more comfortable quarters.

CURE FOR SMALLPOX.—"Constant reader" calls attention to the fact that the *German Reformed Messenger* has received a letter from a friend in China, in which it is stated a great discovery is reported to have been recently made by a surgeon of the English army in China in the way of an effectual cure of smallpox. The mode of treatment is as follows: When the preceding fever is at its height, and just before the eruption appears, the chest is rubbed with croton oil tartaric ointment. This causes the whole of the eruption to appear on that part of the body, to the relief of the rest. It also secures a full and complete eruption and thus prevents the disease from attacking the internal organs. This is said to be now the established mode of treatment in the English army in China, by general orders, and is regarded as a perfect cure.

THE October number of the *Carolina Farmer* is on our table, filled with articles of interest and profit to the *farmer*. This number closes the first volumn, and is the last of the monthly series. On the fourth of November the first number of the weekly will appear; and in its new form it will no doubt prove much more acceptable to its many readers. It will contain eight pages of five columns each; and in addition to a largely-increased amount of agricultural matter, will give miscellaneous, family reading, market reports, and the general news of the day. The subscription price ($2 per year) will not be changed. Address Wm. H. Bernard, Editor and Proprietor, Wilmington, N. C.

☞ A number of our citizens have availed themselves of the liberal offer of the Rail Road Companies to visit the Great Cattle Show in Baltimore, to commence to-day, the 27th. Tickets will be issued to-day, from the office of the Wilmington and Weldon Road, at the very low price of $8 for the round trip.

We find the following in the Montgomery (Ala.) *Advertiser*. The case is a novel one; and although the result of the trial is not reported, we have no doubt of the success of the fair advocate at the bar of public justice: "Judge Lane brought suit against Miss Josephine Hutton for a fee. The lady appeared in court, pleaded her own case, examined witnesses and made a long speach to the jury. She stated that the reason for her appering was, that she did not believe an honest lawyer was to be found in the country."

A Methodist minister in Tennessee is under arrest on a charge of trying to organize a band of thieves and murderers.

☞ From advertisement in another column of to-day's NEWS it will be seen that the thirty-fourth annual meeting of the Stockholders of the Wilmington & Weldon Railroad will be held in Wilmington, on the 19th of November.

DANCE, ON FRIDAY EVENING.—The Dance to be given by the Social Club, of our town, on Friday evening next, the 29th instant, has every prospect of being the most successful entertainment of the season, and is looked forward to, by the emulators of Terpsichore, with much pleasure. This will be a special, and not a regular, entertainment, and we are authorized to state that gentlemen, not members of the Club, desirous of attending, can purchase tickets of admission from the Secretary at $1 each. The excellent string band "Louisa," from Wilmington, will furnish music on this occasion.

DEPARTED.

BY SILVER PLUME.

A voice soft as the brooklet's song.
That whispers to the shore,
And one that we have loved so long,
Shall gladden us no more:

For when the frost of Autumn fell,
Upon the saddened flowers,
It chilled her, and we bade farewell
Unto this bud of ours.

And now the sculptured marble keeps
A sentry at her side,
Pointing where she palely sleeps,
And telling how she died.

Tho' when the golden stars we trace
Mid dimly falling dew,
We still behold her radiant face,
With Angels peering through.

And when the twilight shadows kiss
At eve, the silver streams,
The gentle tones of her we miss,
Comes on the air it seems.

'Tis then her hand again we clasp,
And stay our anguished tears,
While in return we feel the grasp,
She gave in other years.

* * * * *

Though dead within an early tomb,
The faded flower's lain,
We know that it will brightly bloom,
Above with God again.

London *Fun* has a telling cartoon *apropos* of Mrs. Stowe's Byron slander. There is a colossal statue of the poet, robed like a Roman Senator, resting on a massive pedestal. Aunt Harriet in draggled skirt, frayed shawl, and hood, from which escape her elfin locks, is attempting to reach the poet's shoulder—to get astride, doubtless—and, in climbing, has left her dirty shoe marks on pedestal and statue.—Police constable standing by sings out: "Now, then, old gal, if you want to make yourself conspicuous, you had better go elsewhere, and not leave your dirty marks there."

The "Walter" Grape.

ALL WHO VALUE AN EARLY, hardy, and a grape of the highest character for table and wine, we think would be interested with our descriptive circular of the Walter.

Its raisining may not be of much value, but it is the only variety that uniformly does so.

The Walter is a seedling of the Delaware crossed with Drana, earlier and better than either. The wood also ripens in the fall sooner than other varieties. Send stamp for circular. Prices much reduced.

KOSKOO, the *great Liver Invigorator, Blood Purifier, and Renovator*, prepared by Dr. J. J. Lawrence, the celebrated Physician and Chemist, is A SAFE, PLEASANT, and RELIABLE remedy, for the PREVENTION and CURE of all diseases caused by a TORPID LIVER, IMPURE BLOOD, DISORDERS of the KIDNEYS, or DEBILITY of the NERVOUS SYSTEM.

IT REGULATES the secretions, ERADICATES all HUMORS or TAINTS, restores lost or wasted nervous power, and at the same time *builds up and imparts tone and vigor to the whole system.*

The defeat of Andrew Johnson as a candidate for United States senator from Tennessee occasions great surprise. It is the first time in his political history that he has failed to accomplish the object of his ambition.—Henry Cooper, the senator elect, is a brother of Edmund Cooper, who was the private secretary of Mr. Johnson while the latter was acting as President. He is a mild Republican, and although he lived in Tennessee all during the war is able to take the test-oath.

Goldsborough News.

WEDNESDAY OCT. 27, 1869

THE PROVOKING LOVER.

I cannot lightly talk and smile,
I will not sit and sigh;
I am not vexed enough to scold,
And too much vexed to cry;
So, Annie, do enlighten me—
My hope is all in you;
I'm sure I don't know what he means,
And can't tell what to do.

Last night when Charlie talked to me,
Though he was kind and good,
He acted like an injured man,
Who suffered all he could;
'Twould be a pretty way to be
Without the asking led:
If he wishes me to take to him,
'Tis very easy said.

One day he asked me if I thought,
When to another wed,
I'd ever breathe a sigh for him,
Because his hopes were dead?
And if I did not think he'd feel
Disconsolate and sad?
I'm sure I can't tell how he'd feel—
I know that I'd feel bad.

He said he wished to know my heart:
His own was torn with doubts;
If he'd only ask me what I think
Of him, he'll find it out;
So what to think, or how to act,
I'm sure I do not know—
But if he wants to marry me,
I wish he'd tell me so!

RECIPES.

Chocolate Caramels.—Two cups of sugar, one cup of molasses, one cup of boiling milk, one of chocolate, dust in one tablespoonful of flour just before taking it off the fire, try it in water, if it crisps it is done; boil half an hour over a slow fire.

Irish Potato Salad.—Boil your potatoes and while warm mash and butter; chop up four hard boiled eggs; season with horse raddish, vinegar, mustard, sugar, salt and pepper.

Tomatoes.—Few persons cook tomatoes long enough—they should be cooked three hours, peel and put into your stew pan without water, cook slowly, when almost done add butter, pepper, salt and a little sugar.

For wheat the land should be put in order, well manured on the surface, harrowed to a fine tilth, and the seed sown as early as possible this month. Use any fine, rich, well-rotted compost, or fertilizer, containing ammonia and phosphoric acid will pay.—Soaking the seed in a strong brine and drying with slaked lime prevents smut to a great degree. Pickling enables one also to skim off and separate many of the light grains which the fanning mill leaves. Rye may be sown the latter part of the month, but is usually sown in October, as sometimes it makes too rank a growth, and is smothered thereby in the course of the winter. Much depends on the land.

Live-stock of all kinds require good feeding, for they lay on flesh and fat much more readily in mildly warm weather than when it is colder, in cool weather better than cold, and when severe weather comes it is almost impossible to make cattle and hogs hold their own unless warmly sheltered. Animals in good condition are easily maintained so unless exposed to great cold, for they are already as if well blanketed. Horses and sheep bear vicissitudes of weather better than other stock if they have enough to eat, but if either is allowed to run down it is hard to get them up again.

If a young man wants to get rich by farming, let him study how to enlarge his manure heap. Feed everything in either the stable or barn yard, corn fodder and all; haul in leaves from the woods, cut all the rubbish before it goes to seed and add it to the manure heap. Add plaster of paris frequently; this will attract and hold the ammonia, making the manure richer. If you have any swamp mud on the farm, haul it out on the bank in large heaps and mix with it plenty of lime and plaster; let it lay a year or so to sweeten, then apply it as a top dressing on your grass land.

"Will you keep an eye on my horse, my son, while I step in this store?"

"Yes, sir."

Stranger goes in, comes out and finds his horse missing.

"Where is my horse, boy?"

"He's runn'd away, sir."

"Didn't I tell you to take care of him you young scamp?"

"No, sir; you told me to keep my eye on him, and I did, till he got clean out of sight!"

JOSH BILLINGS ON HORNETS.

The hornet is an imflammible bug, sudden in his impresbuns and hasty in his conclusions or end.

His natral disposishen iz a warm cross between red pepper in the pod and fusil oil, and his moral biaz iz "Git out ov mi wa."

They have a long black body, divided in the middle by a waist-spot, but their phizikle importance lays at the terminus of their sabbub, in the the shape of a javelin.

This javlin is always loaded, and stands ready to unload at a minit's warning; and enters a man az still az though it wuz litening, and az full ov melankoly az the toothache.

Hornets never argy a case; they settle awl ov their differences ov their differences ov opinion by letting their javelin fly, and are az surtain to hit az a mule is.

Hornets build their nests wherever they take a noshun to, and seldom are disturbed, for what would it profit a man to ninety-nine hornets and hav the hundredth hit hit him with hiz javelin.

They bild nests ov paper, without eny windows to them or back doors. They have but one place of admission, and the nest iz in the shape of an overgrown pineapple, and iz cut up into jest az many bedrooms az there iz hornets.

It is very simple to build a hornets' nest if you kno, but i will wager enny man 300 dollars he kant bild one that he could sell to a hornet for half-price.

Hornets are az bizzy az their second cousins, the bee, but what they are about the Lord only knows.—They don't lay up enny honey nor enny money; they seem to be bizzy only just for the sake ov working all the time; they are always in as much ov a hurry as tho they was going for a doktor.

I suppose this uneasy world would grind around on its axle-tree ons in twenty-four hours even if there warn't enny hornets, but hornets must be good for sumthing, but i kant think now what it is.

A Chicago paper tells a comical story of a highly sensational dry goods clerk in that city. He was lately married, and was so filled with his own happiness that he was impelled to impart it to surrounding objects. It has been his habit to write poetry of a lovesick sort on scraps of paper that lay about the store, and on the piles of wrapping paper in which goods were enclosed. This peculiarity has been the source of much amusement to his fellow clerks. A few days ago, when the store was crowded with customers, a man came in with excitement visible in his hands, his hair and his heaving breast, who stepped up to the happy poet, flourishing a piece of brown paper, and pointing to some lines, asked if he wrote them. The clerk was obliged to own that he did. The scene had now attracted all the persons in the store to the spot. The irate visitor directed the clerk to read the lines, which he did aloud, as follows:—

Come in the evening, or come in the morning,
Come when you're looked for, or come without warning.
Kisses and welcome shall be there before you.
And the oftener you come here, the more I'll adore you.

"There, sir, how dare you give such stuff to my wife—my wife whom I adore? You wretch! It was some time before the explanation which it was easy to make proved satisfactory. It is needless to say that scribling poetry on wrapping paper is forbidden in that store, lest some loving swain should again make the mistake of wrapping up a dress pattern for an innocent lady in verses intended by the author for the maiden of his own heart.

"Did you ever see one of these here hoop-snakes?" asked Mr. Ferguson. "Me and my hired man was down there in the home lot, by the side of the road, and we see something rolling down the hill, and, says I, 'I guess that must be one of them hoop-snakes coming along.' My hired man, he was afeered, and clim up a tree; but I took my hoe in my hand, and went out and stood side of a tree in the road, and when he come along I struck out hoe handle, and he hit it a slap, and made a noise jes like a pistol; and, sir, it warn't more'n a minnit afore that are hoe handle was swelled up as big as my leg!"

A man very much intoxicated was sent to jail. "Why did you not bail him out?" inquired a bystander of a friend. "Bail him out!" exclaimed the other; "Why, you couldn't pump him out."

CONGLETON'S

VEGETABLE SALVE

The Great Cure for Piles.

Tetter, Burns, Fresh Cut Wounds, Old Sores Chapped Hands, Lips and Face Throat, Boils, Bruises, Shingles, Corns, &c.

THE great cures that this Salve has, and is now making, particularly the astonishing cures of Piles which it has effected, places it, beyond question, as the greatest remedy for this disease that has ever been known.

Sufferers from this dreadful and troublesome complaint, and their numbers are counted by thousands, and daily increasing, can confidently rely upon this Salve as the great medicine that will certainly cure them, having never known it to fail in a single instance

Below we give for the benefit of those suffering from Piles, a few Testimonials from those who have suffered, and been completely cured by the use of Congleton's Vegetable Salve:

TESTIMONIALS;

Williamston, Martin Co., February 22nd, 1869

Mr. Jno. R. Congleton, Raleigh, N. C.

Dear Sir:—For the last eight or ten years I have been exceedingly troubled with a painful and distressing case of the Piles. Hearing "Congleton's Vegetable Salve" spoken so highly of as the great cure for Piles, I purchased in March, 1868, while in Washington N. C, one box, and was soon relieved, and by the time I had used the contents of the box, I was perfectly well, and have never had any return since. I consider myself entirely and permanently cured. I give this for the benefit of those who may be troubled with the same disease, believing thereby that I will be benefiting them, and recommending to them a most valuable medicine and worthy of great praise.

I have also used the salve for Sore Throat and find it the best medicine I ever had in my family for that complaint.

Respectfully yours,

JAS H ELLISON.

☞ THE MOST EXTRAORDINARY CURE OF PILES ON RECORD ☜

Wake County, N. C, Feb. 14, 1866

Mr. Congleton—Dear Sir:—It is with pleasure that I heroin certify to the efficacy of your Vegetable Salve, in the cure of Piles. I have been afflicted with said disease some twenty five years, more or less. I have tried various remedies, but found no cure until I was advised by a friend in Raleigh to try your Salve, which I have done, and am at present perfectly well. I have used only one box, which I think, it judiciously used, will cure any case like mine.

I would advise all afflicted with said disease to go and do likewise

Yours respectfully,

HENRY UTLEY.

THE AMERICAN

Rheumatic Liniment

CAUSES a thrill of joy to vibrate through the heart of all those who are suffering from Rheumatism, Neuralgia, Headache, Pain in the Side, Back and Joints, &c

Those who are daily wasting away a life of painful suffering and torture will hail with delight the introduction of this great family **medicine** in their homes as the great harbinger of ease, and relief from their suffering and pains, for this is the sure result when this wonderful medicine is used. Limbs and joints that have been stiffened and refused to perform their usual offices, have by the use of "The American Rheumatic Liniment" been restored to their former usefulness

Secure a bottle at once and be relieved of your pain and suffering.

TESTIMONIALS;

Raleigh N. C, Jan 16, 1869.

Mr Congleton:—On the 14th inst., I came to town with considerable pain and swelling in my right knee I got a bottle of the "American Rheumatic Liniment" and applied it to my knee, which was greatly relieved and assuaged in ten hours. I then applied it again and by night was so far cured as to forget to apply the remedy; this pain had resisted the application of Liquid Opodeldoc for a week without any perceptible improvement, causing a limp in my walk at sometime and fears of inability to walk at all.

Respectfully,

THOS BAILY,

Book Agent, Payton, N. C.

Wake County, N. C., Feb. 24th, 1869.

Mr. Congleton:—Dear Sir: My little son was for four months suffering with pain in his legs and weakness in his knees so he scarcely could get about and walked with great difficulty. I was fearful that he would lose the use of his legs entirely, which gave me a great deal of trouble and anxiety, hearing of the American Rheumatic Liniment, I purchased one bottle and commenced using it, and by the time I had used half of the bottle, my son was greatly relieved and could walk very well, and after using the whole bottle, he is now perfectly well, with many thanks to you and praises for the "American Rheumatic Liniment" I am yours, &c.,
